## Crystal Blend

<<<

Crystal Blend is the result of morphing two colors into a seamless gradient shade. Each crystal has its individual harmonious color play, which makes this innovation so unique.

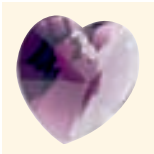

It is available in two colors for a selected assortment of Beads and Pendants. Crystal Blend will add a whole range of combination possibilities to the existing colors and effects.

Crystal Blend is available at the same price as any crystal color.

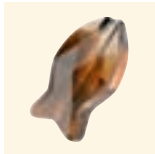

## Article Explanation

Crystal Blend article numbers follow the article groups and numbers in the SWAROVSKI ELEMENTS assortment, both colors have a distinctive color code.

## Available Crystal Blend Colors

Amethyst Blend (721)

Topaz Blend (722)

Due to the individual random color play, slight changes in colors, shades and patterns are unavoidable and may vary within the product group(s).
